The Application for C of O acknowledges that the issuance of a C of O cannot be construed as an approval of any City of Tucson Code Violation; and, the Zoning compliance review for the application was limited to determining whether the use is a permitted use in the underlying zone where the property is located; and, that there has not been a full review for compliance with the requirements of the Tucson Code Chapter 23A, Unified Development Code ("UDC"); and, that I/we may be issued a citation if a UDC violation is discovered.

This document will serve as verification that a Certificate of Occupancy has been applied for. It in no way acknowledges that the applicant is approved for this space; only that a review is in process. If any corrections need to be made, all items must be complete prior to the issuance of a Certificate of Occupancy.
